DISCUSSION QUESTIONS

1. What could be some of the good points and bad points of the new Oregon Health Authority?
2. What methods could Oregon use in order to improve educational services regarding healthy living?
3. Are the community health centers for low income clients the answer to the problem or would the money be better spent on more school nurses and community health workers?
4. What challenges can you envision if you were indigent and seeking health care in Lane County?
5. In respect to homeless teenagers' healthcare needs, are we heading in the right direction now, or do we need to focus more on ways to solve the problem of why they become homeless in the first place?
6. The Death with Dignity Act includes specific criteria and specifically prohibits lethal injection. Do you think this law should be changed? If so, how?
